REPUBLICANS START FIRST CAMPAIGN WORK

Senator Crabbe, as chairman of the Republican Territorial Central Committee, has issued the call for the precinct club meetings to prepare for primaries for the coming convention, which will select candidates for the legislature and the candidate for delegate to Congress. The first meetings are to be held on next Friday, for the purpose of nominating officers of the clubs, to be voted for later. The primaries are to be held on the first Saturday in August.

DEMOCRATIC DELEGATES BOOKED ON ALAMEDA

The S. S. Alameda will take a very large crowd away next Wednesday for San Francisco. So numerous have been the bookings that in the majority of instances three have been put in each room. There is still a big demand for passage aboard the vessel and requests for accommodations have to be refused daily.

If the delegates to the Democratic National Convention desire they can leave by the Alameda. They were booked on that vessel some time ago and

they have been provided with accommodations. They will be placed three in a room. It is not improbable, however, that some of them may not be able to get away for the Coast by that time. J. L. Coke and Ben Lyons of the Maui delegation have booked for passage by the S. S. Sierra sailing June 21. It is not improbable that the entire delegation will try to go as a unit. The Sierra is the last vessel by which the delegates can sail from here in time to arrive at the opening of the St. Louis Convention which assembles July 6.

Cholera Infantum—This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil as directed, with each bottle, and a cure is certain. Since this remedy has come into such general use, there are very few deaths from cholera infantum, and none whatever when it is given. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

Your Executor

As a rule the less personal interest an executor has in an estate, the better its affairs are administered. The ideal administrator is a trust company.

When a man appoints a trust company as executor he has the satisfaction of knowing that the trust imposed will be executed precisely within the limits of the law.

THE FIGHT OVER THE SWITCH

Odd Fellows' Lodge Wins Preliminary Skirmish Over Switch Objected To.

Judge Robinson has given a decision overruling the demurrer in the case of Excelsior Lodge, I. O. O. F., vs. the Honolulu Rapid Transit & Land Company. The plaintiffs are asking for removal of the Fort street switch in front of their building and for \$5,000 damages for the placing and operation of a switch in that location. The demurrer raised important legal questions as to the company's rights on the streets.

The suit was brought just after the track was laid last November. The lodge secured a restraining order from Judge Robinson to stop the track laying, but by working all night on Saturday, November 3, and on the following Sunday morning the company completed the work before it was stopped.

It is claimed that the street is too narrow for a switch at that point. The plaintiffs declare that their building was of the value of \$31,000 but that the value is impaired by reason of the track being so close to the curb that no vehicles can stand at the sidewalk. The court is asked to enjoin the company from further use of the track and to order removal of the track, also to assess damages in the sum of \$5,000 for injury already done.

Lengthy briefs were filed for plaintiff by Henry E. Highton and for defendant by Castle & Withington. The court gives the defendant ten days in which to answer, and the case will now be tried on the facts alleged.

This morning there were rumors of an injunction to restrain Low and those whom he represents from interfering with Fred Carter as manager and there may be a contest over the change in management. A. MANY DEPARTED BY THE KINAU

DEMOCRATIC DELEGATES FROM HAWAII AND MAUI WERE AMONG THOSE WHO LEFT BY STEAMER.

The departure of the steamer Kinau today was the biggest event on the waterfront in many months. The wharf looked like a busy time when one of the big ocean liners carries a large crowd away.

Special interest was given to the departure of the vessel by the fact that the majority of the Democratic delegates from Hawaii and Maui precincts returned to their homes. All of the delegates were at the wharf. Some of them decided to remain over a week and visit friends in the city. Those who departed were bedecked with leis.

Senator Palmer Woods who was here as a delegate to the convention and was also chosen a delegate to the national convention, returned to Kohala.

Ben Lyons and J. L. Coke who were delegates chosen from the island of Maui to attend the Democratic national convention, departed for their homes at Wailuku. They will make arrangements to return in time to sail for San Francisco this month on route to the St. Louis convention.

Attorney General Andrews and Assistant Deputy A. C. Peters departed for Hilo to attend to the prosecution of the alleged scandals in the land department.

H. E. Cooper left for Hawaii on business. The Misses McStocker left for their home at Olan.
